BROTHERS UNITED

20x45'

**DIRECTED BY GIJS POLSPOEL | JEROEN DUMOULEIN
DEMENSEN | VTM | WITH THE SUPPORT OF VAF**

Two brothers, one shared dream - that of becoming a professional football player. When one of both is selected to play for a top football club, he discovers the glamorous yet deceitful world of top class football. The other brother's football dream is shattered, however, and he has no choice but to find another way to make something of his life. And one thing is certain: both they and their family will find out that there's a price to be paid for success.

Will their love for each other turn out to be stronger than the call of money and fame? Brothers United is a coming of age story about brotherly love, about success and failure, about growing up and the choices you make.
